KRISTOFF

1831

Kristoff Porcelain was established in 1831. It is the oldest and the only existing factory of porcelain in Wałbrzych. Based on 187 years of tradition, Kristoff has a great reputation in many countries. The factory manufactures the highest-quality table porcelain, both white and decorated. Most of our production goes abroad. In recent years, the company has introduced Kristoff brand and created numerous collections of design porcelain in cooperation with Polish young artists.
